## FUNDAMENTALS

### Give your junior staff a flying start with tax training

## 2012

### What is the Tax Fundamentals program?

TaxBanter are offering a Tax Fundamentals Program in 2012, which is designed to train and update your junior staff on fundamental tax issues.

The program consists of nine modules specifically designed to give your junior staff a well rounded and relevant introduction to the fundamentals of tax. The Tax Fundamentals methodology develops understanding using a practical approach. Concepts are explained using real-life scenarios and examples rather than section numbers and jargon. Each module is accompanied by a practical skills component which provides delegates with skills that they can use straight away in their day-to-day work.

### Modules

---

Tax Fundamentals Part One (Income)

---

Tax Fundamentals Part Two (Deductions & Offsets)

---

CGT Fundamentals

---

Depreciation rules and consolidated capital allowances

---

FBT Fundamentals

---

GST Fundamentals

Effective Tax Learning

### Benefits?

- Junior staff are equipped to provide exceptional service to your clients
- Recruitment & retention of staff through commitment to quality training
- Small seminar groups means that students receive interactive training that can be based on current client issues
- Online training option cuts out travel time and delivers the program in effective 1.5 hour blocks
- All TaxBanter tax training qualifies as eligible CPE/CPD hours
- Programs developed and delivered by highly experienced Tax Professionals who are professional trainers
- Seminars are supported by comprehensive yet practical tax training materials

### Where?

The Tax Fundamentals program will be offered as a face to face seminar in Melbourne and Sydney on a quarterly basis. The program is also offered as an online training program with nine 1.5 hour monthly modules presented throughout the year.

### How to register?

Registration forms are available on our website, so visit [www.taxbanter.com.au](http://www.taxbanter.com.au) to secure places for both our face to face seminar and online training program. Great savings are on offer for multiple registrations!
